PROFESSIONAL EXPERIENCE:

Simtrak Solutions

Web Developer | November 2023- July 2024

- Developed two projects with intuitive and visually appealing UIs.
- Collaborated on database design and management for efficient data storage and retrieval.
- Created a meeting management system for web users with admin features, integrated with email reminders.

PROJECT:

Online Doctor Appointment System

- An online platform for patients to schedule appointments with certified doctors at affiliated hospitals.
- Included detailed doctor profiles with specialization, qualifications, and hospital affiliations to assist patients in making informed decisions.
- Implemented automated appointment reminders and notifications to enhance patient engagement.

Event Management System

- Facilitated event creation, ticket sales, attendee management, and promotional activities.
- Utilized a customizable interface and integration capabilities for seamless event organization and execution.
